The holiday starts the moment you open the guide book The Guardian --This text refers to an out of print or unavailable edition of this title.

convenient size and inclusive information -- the only difficulty for some is the small print.

If you're heading to Edinburgh, this is one handy tool. Sizewise, it fits easily in a pocket, so it's accessible when you need it. The map inside was a great reference for navigating Edinburgh, and we even used some of the included tips and info.

Too small to be of any real use. Not recommended.

This is one cool map! So small it slides into my purse - just perfect for a trip to Edinburgh!!

This map worked well when we visited Edinburgh Scotland.

Excellent book for travel
