I'm ordering a second one for myself and one for my sister. This is a great adult coloring book,

better than what I have typically received (although I might be biased as a WW fan). I love the posters at the end. Insight Editions delivered the book earlier than expected and in great shape. Thanks Insight, I appreciate it. DC Comics: Wonder Woman Coloring Book

Great illustrations, maybe wish there were more comic pages/covers, and less 'Wonder Woman poses with no background.' Double-sided pages. But, something about the coating on these pages just LOVES colored pencils! The colors pop went set side by side with other books. Will look into other DC brand books as well.

my daughter has not quit since I got her this. she loves how there are all the different ww in there and the detail is different in all the pictures too.

I will be working on this book for the next year....perfect for me,i dont like so much simplicity this is truly an adult coloring book

Has images from all the different versions of Wonder Woman that have been in the comics over the years. Fun for adults and kids.

Love this book, can color in marker and it doesn't bleed through! Great pages to color as well

Christmas gift that was day's highlight! You can't go wrong if you have a Wonder Woman fan in your home. Not the "biggest" gift but the one that probably will give the most pleasure.

The pictures are fantastic. Not to mention in the back there are several collectors pictures full color
