Nice arrangements, I played a Do-re-mi with one of my students, who's in 5th grade. We played just the first 2 pages. Most of the songs were too hard for recital for her, something she could grow into. The songs & arrangements are so beautiful that she would not choose another song. It's always encouraging that when you work hard on a piece, that the results are worth it.

My friend and I played duets as teenagers and hadn't played since then. I wouldn't call this book intermediate; I'd say it's upper beginner, if there is such a thing! We used to be very, very good. We're in our mid 60s now, so it's been a while. We had so much fun with these songs though!! I do recommend this book, just wanted to say that it's not intermediate difficulty.

This music is definitely not for "late intermediate" piano players---it is closer to beginner and should be listed as such.

Product as described, and it came through the mail on time. Good value! Challenge you to find this in the music store.

satisfied. love it . my family all need it , great. This is a gift for someone that is studying to become a chef. I did take it out of the box and it is a very nice product. The weight and handle are very good for cutting and even my smaller hands felt comfortable with the size.
