Customer Reviews

George Cuhaj is an experienced and accomplished numismatist and researcher. George is a collector with a passion for this hobby, as well as several others. George, a former cataloger for both Stack's Auction House in New York and the American Numismatic Society, offers a wealth of knowledge to the KP line. George continues to develop his network of over 175 dedicated contributors.

You MUST have this book if you are, or want to be, a serious paper money collector. For any notes from year 1368 till 1960. And if its not here, maybe its in the Specialized issues!

Good general overview of paper money of the world. However, valuations are badly off the mark, do

not even remotely reflect market valuations.

Great book arrived in perfect shape. I buy this book everytime it is updated. For those who like to keep up with the value of their currency in their collection it is the most trusted, accurate authority. Easy to read and look up the bill you are looking for. Couldn't live without it.

Great love it

Excellent reference book.

It is very hard to find good and reliable information about paper money. In some countries is even hard to find local information about it. So, I think this catalog complies with providing you with general information regarding paper money of the world.

I have wanted to rebuild my collection since I lost my old set when some of my stuff was stolen a few years ago. This is a great book to add to any collectors library.

A necessary reference if you have any interest in world paper money.
