5.0 out of 5 stars So completely adorable and fun! By Mindy Gatlin on July 4, 2017 Format:

Paperback One Word: PUPPIES!!! I love to color and I love animals and dogs are high on that list!

These pages are so cute! I was just awww-ing looking through this and had a very hard time

picking the first one to color because I wanted to do them all at once! Love this book! 5.0 out of 5

stars Love the many drawings of cute dogs & puppies By Diane on July 6, 2017 Format:

Paperback Love the many drawings of cute dogs & puppies! Most of them I can recognize, some I

wouldn't know anyway. Looks like this book is going to be very interesting to color, as it can

be colored like the cover shows, all zen doodley, or realistically. I find this book to be well worth the

price and the time that will be spent coloring the 100 dog drawings! 5.0 out of 5 stars Good choice for

dog lovers By Florida Kayaker HALL OF FAME TOP 10 REVIEWER on July 8, 2017 Format:

Paperback This delightful coloring book includes 100 dog designs to color. The images are a

combination of facial drawings and full body. Each dog has extensive designs with a lot of detail to

color. I found the detail level to be about medium and the pages work well with colored pencils,

markers and brush pens. I did find a few smaller areas that are well suited for gel pens. This book is

full of unique drawings rather than the stock images that are found in some adult coloring books. All

pages are single sided. At the current price and with 100 drawings to color, this book is very

competitively priced. 5.0 out of 5 stars Pleasantly surprised by this book! By Noelle on July 15,

2017 Format: Paperback | Verified Purchase When I ordered this coloring book, I wasn't sure

what to expect, but I was blown away when I received it today! First of all, it's a pretty thick coloring

book! Lots of pages, full of adorable dogs to color! Some designs look simple, others are more

intricate. Great selection of pages and breeds to color. I also really like that the pages are not double sided so no chance of bleed through. Im really impressed by this coloring book, and can't wait to start coloring in it!

If you have a stressful job and you just want to find a way to wind down at the end of the day then you should certainly consider coloring. It is a great way for you to expand your creativity and you would be surprised at how entertaining it can be as well. In fact, some people even take their coloring books to work with them and it gives them something to do when they are on their work break as well. The question then arises, can coloring really help you to de-stress at work?De-StressThe main reason why coloring can help you to de-stress is because it gives you something to focus on. Stress occurs when you have so many things to do and think about, and on top of this, you may not have enough time to do them all. The truth is that when you come home from work, you can't do anything about those things but that doesn't stop you from worrying about them. When you pick up your coloring book however, you can say goodbye to all of these worries because coloring really is engrossing and it is a great way for you to forget about all of your work pressure.EnjoyableColoring doesn't just help you to de-stress, it also helps you to enjoy yourself and relax a little bit. Imagine sitting in front of the fire at night with nothing but a hot chocolate, a coloring book and a huge range of colors to choose from. There really isn't anything better and you would be surprised at how therapeutic it can be as well.Why don't you try coloring for yourself today. It really is the secret to de-stressing and it is a great way for you to remain calm and focused as well.

This is a very nice coloring book filled with patterned dog images. There is a side view and a face view of each dog. The artist includes enough detail so that each breed is recognizable. I started coloring the Doxy. It is so cute. There is lots of pattern detail to color in but it isn't tiny detail so it should be relaxing for any dog lover to color in.

This coloring book artist offers many wonderful dogs to color in. Many recognizable dogs are here that you or a friend may have owned at one time. What a great tribute to the memory of a beloved pet to color a special page. Mount your coloring page on to your refrigerator or framed on a wall for others to enjoy. The pleasure of coloring in these drawing pages will bring many enjoyable hours to you and will relieve any stress you may have. Go ahead, color any way you wish and with whatever your favorite coloring tools are your preference.

Huge book with a lot of pages to color!! I'm such a dog lover and this coloring book offers so many different breeds to color! Great detail in the illustrations so coloring is very creative!
