The New Regulations On Indulgences

Synopsis

This booklet outlines the nature and value of indulgences in consideration of the new regulations placed upon them. These new regulations are designed to inspire the practice of making reparation for ourselves and for the poor souls of Purgatory. Taken from the officialÂ Enchiridion of Indulgences. Many Catholics do not even know what a plenary indulgence is, let alone how to gain one. Extremely useful for understanding the spiritual power and importance of indulgences.Â Â

The Rev. Father Winfrid Herbst, S.D.S, was a priest and author of the twentieth century. In New Regulations on Indulgences, he resolves the common questions pertaining to the concept, practices, and classification of Catholic indulgences. Father Herbst's work was first printed by TAN in 1970. It also received the nihil obstat and imprimatur upon publication.

This is used for further study in my Catholic faith. I really like it. It puts the understanding on what indulgences are for plenary and partial indulgences.
