Customer Reviews

Macmillan/McGraw-Hill Treasures grade 2.2 hardcover student textbook.

I absolutely love this series. Make sure you grab the other books for literacy in the series. These books are very easy to use and understand. I use them with my son and daughter for our homeschool literature. They love the stories, spelling, grammar, and practice assignments. They flow so nicely together that even though my children are different grade levels, many of the subject or language being thought is similar so I can review the lessons together with them both. They love the writing assignments at the end of each lesson. I really wish this went beyond 6th grade.
