We loved it it has all the old songs that we like and we're really enjoying it .

I bought this book to learn some of my favorite gospel tunes. All of the songs were very easy to learn. The tab is pretty standard and does not have anything tricky. There are just slides and pull-offs. The book provides tab and what looks to be piano music which are both on the same page. This made it difficult to follow along with at first but once you memorize the song it is fine. If you like good old time songs of the faith and love to play America's national instrument this book is for you. Happy pickin'!

I may have bitten off more than I can chew with this songbook. As a beginning banjo player, many of the arrangements are a little difficult for me. However, I can still follow the structure and play along, albeit at a slower-than-intended tempo.

My mother in law loves it... she plays piano as well... it has tablatry and chords that makes it used with variety of instruments. It was a great purchase.

SO NICE, WAS ABLE TO PICK TUNES INSTANTLY WITH VERY LITTLE HELP

Includes many good songs and having the melodies as well as the banjo tablature makes it easier for this beginner player .

This is a fantastic collection of Gospel music including not only the old Church standbys, but also some of the ones you sang in Sunday School. The selections are written in Melody tab, Standard notation and Tablature along with the lyrics. I had mine spiral bound for \$1.49 at Staples which allows it to lay flat for easier following on a music stand or table. You will wear out this book with these popular hymns. Keep apickin'.

I appreciate your consideration on refunding my purchase price under the circumstances as this was a gift for a friend and didn't realize what he needed.
