This is a great devotional book that has action points for each day along with inspirational writing and scripture. Following through on these action points helps improve relationships with your children. I started this as a library book and had to order it so that I could follow through each day. When I'm done, I'll go through it again at some point.

This book definitely has you really think through how to show love to your spouse.

I'm only halfway through the book, but from what I've read it all makes sense, is very practical and has godly advice for anyone who wants to get real with their marriage and make it work.

My husband and I watched the movie fireproof together and loved it so I decided to try the love care myself. The book is full of great scriptures and dares to help improve your marriage. There are New scriptures to read and dares to do daily. I would definitely recommend.

If you have ever tried the different love dare products you know they are amazing. I highly suggest getting this one as well as the original love dare. They are truly inspiring

I'm about 10 days in and I can already notice a difference within myself, as a wife, and also in how my husband reacts to me and the challenges. So very glad I found this suggestion in a blog post.

Definitely recommend.

A great way to reconnect in small doses. Quick enough to read on a lunch break or to meditate on right before bed. Great supplement to the full Love Dare Challenge book.

This book was useful but I found it difficult to follow. I think the morals behind it are wonderful, though. It is great for building your relationship with god and your spouse.
