This is the book that my freshman has for history this year and it is probably the heavy text book I've ever seen so after the first week of her lugging it back and forth I asked her if she would like me to just see if I could find a used one so she wouldn't ever have to bring it home. We decided to order and hope it was the same book it was. It is great that she doesn't have to over worry about forgetting it then needing it a home for homework- it is always just there. We already have had people ask us if they can buy it from us when their child has this same history class next semester!! Smartest thing we have ever done- even if we didn't have people that want it - it is worth her not

having to drag it back and forth!!

Item in excellent condition.

This book was better than what I was expected to received and was in excellent conditions. I am very satisfied with the company who sent me the book.

great shape for the price

as described
