Murray Spiegel, Ph.D., was Former Professor and Chairman of the Mathematics Department at Rensselaer Polytechnic Institute, Hartford Graduate Center.

It's a book of information and short cuts, what more can I say. It is what I wanted and more

More advanced than I thought it would be

I received my copy of the Schaum's Mathematical Handbook of Formulas and Tables on time for me to use the textbook in my EE4201 Controls Systems engineering class. An awesome math, science, and engineering class resource tool.

My astrophysics professor recommended this book. Its a real help

I love it.

Not so useful for graduate students.

Very useful and a constant companion. If you are in grad school, this is a must have. I refer to this book on a regular basis. I highly recommend.

I'm a professor, this book help me a lot.
