Customer Reviews

What an amazing resource!!! In a country where history books are rewritten to accomodate the views of the day, its nice to find such a treasure. The stories are vivid and patriotic. Some of them even make me teary eyed. I wish I had learned history this way. The language is clear and understandable for young children. I plan to use this with my 3rd grader for homeschool.

I have never enjoyed History books, found them full of facts, lacking an easy reading story line. History is a story of our past that often repeats. This series is told as if your grandpa was telling you about his remembrance of History, keeps you captivated and wanting to learn more.

Worth the.buy! I read the stories.before bedtime.

We are reading through little by little and I love how this puts history in context! Love to use for homeschooling!

I love this author.
