# CATch A Killer (A Millie Holland Cat Cozy Mystery Series Book 2)

## **Synopsis**

Half asleep with boredom, Millie perks up to a news report that her local jeweler has been murdered in what appears to be a botched robbery. In her bumbling way as she insists to Detective Marx that you catch more lies with honey, she digs deep to try to put the killer to justice and finds that there are more suspects with motives than she could imagine. As the plot thickens, and Millie crosses lines, she starts to wonder if she's in danger. When it comes down to the wire, will Millie escape a desperate situation, and will she decide maybe sleuthing isn't as important as being with her small family of felines? This is the second book in the Millie Holland Cat cozy mystery series

## **Customer Reviews**

OK I confess, I'm a little old cat lady too, and obviously, to all of us feline-frenzied cat lovers will be able to tell that this author indeed understands cats. I enjoyed this read, it was funny and clever and well written. It is not the great "American Novel" but golly it was cute and fun and easy to read. Yes,

Russian literature, or the classics from Greece are all very well and good, but they can take a lot out of you! Sometimes a delightfully charming mystery or romance can relax, and allow your poor tired old brain rejuvenate for the next heavy duty reading project. this book might take you a day, but I thought it well worth it. I will be purchasing the rest of her books for just this reason. Now anyone who has read my reviews knows I complain about poor writing, syntax errors, spelling errors and poor grammar. I usually don't finish the egregiously error riddled book. This Author, oh yes, she certainly is an author, I couldn't write like she does, was perfectly delightful to read because there were no egregious errors, good editing, good writing and a cute story. I look forward to the next book!

I am always of two minds about trying to review a book that I just could not get into and/or did not finish. On the one hand, it seems unfair to review a book I chose not to complete; on the other, not every book is right for every reader. And I can say in praise that this book appeared to be very well-written; the characters well-rounded and realistic. I could tell that the mystery was going to develop nicely and be intriguing. Nevertheless, for some reason the story just didn't "click" for me--didn't draw me in. But that is no reason for another reader to give it a miss. If you enjoy cozy mysteries, Jessica Fletcher-type protagonists, and good writing, then definitely give this novel a try. There are many types of tea, and my cup can be brewed very differently than yours!

A light fast quick read. Millie a single woman, a writer who has computer skills. She lives in apartment with 5 cats. She is friends with homicide detective who values her help. He keeps her to stay out of it but Millie does what she wants. She looking into the deaths that occurred in a robbery of a jewelry store. The are her babies or children and play no part in the tale. I was disappointed as I was expecting a cat story

Great little mystery. It was a quick read (almost too quick) and held my interest. Good editing and grammar, spelling, etcetera. I would have liked more involvement of the cats, to get to know them better. I intend to try some additional stories by this author.

I dearly love a good mystery, especially if you throw in a good looking cop and a few cats. I must admit that I missed the twist at the end. I definitely recommend this.

this lady who had her many cats for company and she considers them part of her family. shelved

solving crimes.a good read.

I truly enjoy your Stories ;-) Just my cats were as accommodating as yours. Thank you again

This book was entertaining and enjoyable. Also, love the face and "cattitude" of the cat on the cover of this book - I have to admit it drew me in!
