Spectrum Math Workbook, Grade 4

Synopsis

Reinforce your child's fourth-grade skills with Spectrum Math. With the progressive lessons in this workbook, your child will strengthen skills that include multiplication and division, fractions, classifying geometric figures, and preparing for algebra. The best-selling Spectrum(R) Math workbook series provides quality educational activities that build the skills your child needs for math achievement and success. Students in grades K-8 will find lessons and exercises that help them progress through increasingly difficult subject matter. Chapter pretests and posttests, Mid-Tests, and Final Tests, along with complete answer keys, help students track their progress and locate areas for improvement. Aligned to current state standards, Spectrum is your child's path to math mastery. Spectrum, the best-selling workbook series, is proud to provide quality educational materials that support your students' learning achievement and success.

Use as additional tool for students

Difficult but a good book

great book

Great book ..brand new

Very good affordable tools, good for sharpening skills.

Great book. Answer key is correct. There are a lot of problems on the pages, so one sheet a day is a great summer project to keep the kids somewhat in school mode.

Keeping my child on top of things this summer!

I home school my daughter 4th grade, and this Math workbook is great! It gets right to the point in all the lessons. I've used Abeka and Bob Jones curriculum and they were much more complicated to teach, not to mention so ridiculously expensive. I love that this book makes it simple to teach, and for your child to learn.
