Magic And The Law Of Attraction: A Witch's Guide To The Magic Of Intention, Raising Your Frequency, And Building Your Reality

Synopsis

Everything You Need to Know to Change Your Life for the Better, from Best-Selling Author Lisa Chamberlain

“Thoughts become things.”

“Like attracts like.”

“You get what you think about.”

You’ve probably encountered at least one of these ways of explaining how our habits of thought are actually creating our reality. The Law of Attraction has been a wildly popular topic for scores of “self-help” authors, motivational speakers, and New Age thinkers. But it’s often been a source of frustration for readers who can’t quite seem to make the Law of Attraction work for them. This is because, all too often, the guides they’re reading just barely scratch the surface. Witches know that we can use the focused energy of our thoughts to bring about the healing of illness, more loving relationships, financial prosperity, and the accomplishment of long-held goals and dreams. But there is much more to it than simply thinking about what you want. The Law of Attraction is actually part of a larger framework for understanding how the Universe works. It’s one of a set of laws, and our knowledge of them has been handed down to us over several centuries. This guide is an introduction to the Law of Attraction from a Witch’s point of view, but you don’t have to be a Witch in order to gain plenty of insights here. The information is intended for Witches and non-Witches alike. In fact, you don’t have to be “religious” or “spiritual” at all to work with the Law of Attraction. But you do have to have an open mind, and accept that what you’ve been taught about the nature of reality is incomplete. This is the crucial starting point.

Foundations in Manifestation: The Law of Attraction in Practical Magic

If you’ve been curious, yet skeptical, about magic, this book provides the framework you need for understanding how it works. On the flip side, if you’re a practicing Witch with experience in magic, but haven’t quite grasped the full picture of the Law of Attraction, this book will clarify it for you. But whether or not you ever intend to try any magic, the concepts and suggested practices presented here can get you a long way toward making your goals a reality. You’ll discover:

- The ancient roots of our current knowledge about the Law of Attraction

- Common misconceptions and FAQs about the Law of Attraction
- How your own thought patterns hold you back and how to change them

Thoughts can be like habits, some good, some not so good. This book allows you to develop the skills, through positive thought patterns, to attract the things you need in your life. And just as importantly, ways to rid yourself of negative thought processes that you may not even be aware of.

Good book for the beginner and novice. So much is out there now about the Law of Attraction but this one is easy to understand and apply to daily life.

Love this book. Easy to read and very enlightening. Recommend for the curious reader.

This book has a lot of great information on magic & the law of attraction. The author also provides resources to her readers to gain more knowledge.

Law of Attraction is always one of my favorite motivational topics of all time. This helps put in perspective with Wicca.

Interesting viewpoint. Will expand your concepts on the different mysteries we live in. Makes a lot of sense if you see yourself as spiritual.

Another great work by Lisa Chamberlain. Hope to put the concepts in to practice.

I love reading Lisa Chamberlain's books -- she offers loads of useful and interesting information which reads easily, while sounding like a friend sympathizing over coffee. I am excited to take the book's ideas and participate in creating the life I want! This book can be useful to anyone wanting change in their life but feeling they have little power to make it happen.
