Warhammer 40000 (English)

Synopsis

This trio of lavishly-presented hardback books depict the sensational imagery, miniatures, stories and gameplay that are the bedrock of Warhammer 40,000. Each volume of Warhammer 40,000 presents a different aspect of the hobby. The first 144 page book, A Galaxy of War, explores the art of collecting and painting your own force of miniatures. The history of the 41st Millennium is presented in the second book, Dark Millennium. In 128 pages it describes the crumbling Imperium of man and their many enemies, within and without, which wage war against humanity and each other. The final volume, The Rules, is a 208 page book contains all the rules for playing games of Warhammer 40,000.

The final volume, The Rules, is a 208 page book contains all the rules for playing games of Warhammer 40,000.

Wonderful art and a reasonable amount of content (several hardcover books!) for the price, though the rules themselves...I kinda wonder if they're a lot more complex than they were in 3rd ed (the last time I played, many moons ago). I don't remember all these different "psionic disciplines" back then.

Ah, well.

Awesome art work

Very solid set of books. Definitely worth the price. I recommend any player of the game to pick these up. Packaging. The books and holder come wrapped in thin plastic, so if the handler were to mishandle the package you might have some damage to the outer sleeve that holds the three books. I had some minor corner issues, but nothing that I personally would complain about. Just warning everyone. The three books, entitled "A Galaxy at War", "Dark Millenium", and "The Rules" come in a very nice outer sleeve, nice graphics, thick cardbard, everything you could ask for from a book sleeve. It's nicely made and nice to look at. After you get done admiring the outer packaging, you get the pleasure of pulling out one of the books. They're all nicely bound. Very nice feeling in the hands. Each comes featuring a different character on the cover. The covers and binding are all really solid and great. Full color artwork and pictures from cover to cover. Thick, glossy pages. These books all feel more like coffee table books than anything else to me. Very satisfied. "A Galaxy at War". This book features an Ultramarine on it's cover. Throughout the book is various little lore overviews of various different armies/factions, as well as spectacular full color photos. Not every faction/army is listed, but the vast majority of them are. "Dark Millennium" covers the overview of the whole Warhammer 40k lore. Once again featuring spectacular photos and drawings, all in full color glory. "The Rules" cover exactly what you would expect. The rules. Everything is full color and glorious, It's also the largest of the three volumes. 10/10 would buy again.

Begin the great crusade with this amazing set.

Son-in-Law is lovin' it. :D

Great art, great story/background and thorough rulebook.

Got this for my boyfriend who loves war hammer, it's his little hobby and he was absolutely happy with it.

Great set. Very nicely bound. All the things a beginner needs and more. My son loves this set.
