I loved it. I was very excited to learn about angels. I believe I have encountered a couple in my life--probably my own angels to assigned to me. They were in a large man reaching down and grabbing me out o the path of a truck. An alley ran beside our house and I was running around the house edge and fell. A large delivery trunk was coming right there- I must have bee around 3 yrs. old. He carried me up to my house and gave me to my mother. She does not remember this but I do! The last remembered encounter, was about 9 years ago. I was in the process of having another hip revision and was in pain and could not been down very well to put air in my car tire. I was asking the Lord how am I going to be able to air my tires(one kept losing air). When I pulled up to the air hose meter, a young boy (about 14 or so) appeared and offered to help me. I did not see him come up to me. I was very surprised and thankful, I told him my problem. He walked around filling my tires with air. I thank him and offered him a couple dollars and he refused. (I still did not think angel). I insisted and told him to buy himself a soft drink. Told him how thankful I was and that I felt he was an answer to my prayer. I looked down to open my car door and he "just" disappeared. I looked every where around the gas station and could not see him and felt he could not have vanished just like that--then I thought "angel" and thanked God. I was so excited to read about the coming harvest--that it will be greater than Acts 2. and the exciting "Force" for the end time harvest. I am 83 years old. I feel I have more to be doing with this end time harvest. I am very excited. Thank you for this book too. While I seemed to be limited on physically. I am a person that prays and have been doing this for awhile. It does not take the physical aspect, I can pray. God bless and keep you all in His loving care and direction. Thank you Mr. Sheets, for being attentive to The Holy Spirit and writing this book. I tell other about your book.

This book is well written, scripturally sound, and has a ton on revelation about working with angels to do the work of God. I highly recommend it to prayer warriors, intercessors, missionaries, and pastors

This is a very good book about angels and what they do for believers. The author has a lot of encouraging information in this book and it's very inspirational. Psalm 91 helps so much to strengthen one's faith that God has "commanded His Angels concerning you." There have been angels that have saved my life in very miraculous ways "even before I knew the Lord." This book is very good and it is also encouraging. And there are some wonderful decrees in the back of this book and there are so many things in this book about what angels can do for us believers. We need to know as much as possible so we can expect all of the miracles that God's angels can do. I give this book 5 stars.

I have to admit at the beginning of the book I thought it was more about the author and less about the subject title but after making more progress, I understood how it all came together. The author really helps clarify and broadened my understanding of God's angels. I felt foolish because of skepticism at first. If Christians want to learn more specifically about angels, then this book a must read. At certain points I would get out my bibles to read the full stories mentioned in the book.

I am a very picky reader, sometimes I can't get past the first few pages, before I give up on the book; It has to be great book before I will read it! I love to read, but I want to read something that sparks something inside of me and Angel Armies does. It is a great book and one that I will read again!

EXCELLENT! This is not only a read, it is a teaching that will carry many through the difficulties of life; for they will learn about ALMIGHTY GOD'S provision in real 'help' through HIS Angels; in a Way I never understood before! Thank you Dr. Tim Sheets for your obedience in writing this book!

Absolutely love this book. My husband and I read it together because we are excited about learning more about angels due to multiple encounters we've had with them. A lot of what is written my husband has seen and experience so he was happy others have had the same experiences he's had. I would encourage anyone to go ahead and read this book. P.S, while reading, we saw angels and felt the amazing power of the Holy Spirit.
