Marjorie Sarnat is the author and illustrator of Dover's bestselling Creative Cats Coloring Book and Owls Coloring Book as well as more than a dozen other books on art and creativity. The Chicago native is an award-winning mixed-media artist whose fanciful coloring book style evolved from her love of patterns, which she developed in the course of her work as a textile designer.

Marjorie Sarnat has done it again! Another awesome creation by her. I absolutely love the Creative Haven coloring books, as well as my granddaughters. These are so fun to color. Marjorie does amazing art work in all her adult coloring books. You won't be disappointed with this purchase. Just

remember to make sure to put some blank copy paper or anything you have so that if your using markers it doesn't bleed through onto the next page. Or you can tear the pages out also. Happy coloring!

Love this book. Came ahead of thime! Tk you

I cannot express how pleased I am with Creative Haven books & with Marjorie Sarnat's work. I have many of her books & about 15 Creative Haven books. The quality of the books & the work is very consistent. I have many other books that are hit & miss. This book like all of Marjorie's is adorable. Full of fun kittens, treats, flowers & so on. It is not overly details but detailed enough for adults & I think kids would love it as well. All of the pages are printed on one side & they are perforated for easy removal. None of the art runs into the binding & each page has a border. You get a full page which is excellent. I am tired of books that the subject is just in the center with nothing else to color. As with all coloring books if you are using markers or pens, use blotter paper between the pages. Crayons & pencils are fine. I make copies onto marker paper so that I can color each page more than once. I have included some samples from inside as well as the front, back & inside covers along with 2 pages I completed using Copic markers & Sakura gel pens.

I have and love Creative Cats so I was excited to find this, Creative Kittens. The images are all lovely and intricate which is perfect for pencil or pen coloring. This is a great adult coloring book.

I love cats and this book is addictive. once you start, it's so hard to put down. I really love this book. Creative Haven has some of the nicest books. Paper quality is nice and the pages are perforated. I love that in a coloring book.

I love the art in these books. They are so fun to color. I love every single page in this book!! I have every single one of her books and will keep getting them as quick as she gets them out!!! I am going to preorder her puppy book soon! The thickness of the pages are perfect and I really like that her designs are on one page, nothing on the back. Keep them coming!!

I own about 15 coloring books and I think 5 are by Marjorie Sarnat. She is definitely my favorite coloring book artist with cute happy animals that are so fun to add color to. Highly recommend if you are an adult colorist who likes animals.

This is the cutest book I have found. What I really like is there are pix that are easy & there are some that are hard. I can color what my mood dictates & that is fantastic. Kittens are posed beautifully in all kinds of senarios.
