MOANA - JR. NOVEL

Synopsis

Walt Disney Animation Studios' Moana is a sweeping, CG-animated comedy-adventure about a spirited teenager on an impossible mission to fulfill her ancestors' quest. In the ancient South Pacific world of Oceania, Moana, a born navigator, sets sail in search of a fabled island. During her incredible journey, she teams up with her hero, the legendary demi-god Maui, to traverse the open ocean on an action-packed voyage. They encounter enormous sea creatures, breathtaking underworlds, and ancient folklore. Moana: The Junior Novelization retells the whole exciting story and features eight pages of full-color scenes from the movie! It's perfect for readers ages 8 to 12.

Customer Reviews

Great heroine, great story. My only complaint is the poor quality of the paper used. Also there should have been more pictures.

Perfect little reader for my granddaughter.

My 8 year old basically devoured this book. She loves Moana and was so excited to read the chapter book. It also helped her to see the names and words from the movie in print, as some of them are more challenging words. Its great to have your child excited to read!

grand daughter loved it

I hadn't planned on seeing it but.. my Niece always wanted to pretend she was Moana.. after many questions about how to play ... She took my hand and looked me in the eye and said. "Uncle you really need to see the movie" with the impish look like, geez get with the program like how can you not have seen this yet... So I saw it... Not bad butIt is clearly Oligarchy propaganda the "Ocean" chose her ... to quote the Holy Grail... Supreme executive power derives from a mandate from the masses, not from some farcical aquatic ceremony. Also the chicken was type cast, not all chickens are dumb I recently sat next to one plane who was reading the Washington Post... ok so he was dumb also... but all in all not a bad moive..

I love Disney moana she is so brave I love when she sail's across the sea and I love the pet pig

This reads EXACTLY like watching the movie (minus the songs), which is kind of weird to me as an adult. That said, it was a gift for my six-year-old and she loved it and went on to read the junior novelization of Brave - seems like the concept is a hit!

We love Moana, and this novelization is perfect for this age group's interests and reading level. It's a keeper!
