This cookbook will be my go to for anything Instant Pot. So many awesome recipes, you'll never run out of choices. My only ding would be lack of pictures, but I'm not taking off a star, because this cookbook is that awesome! It has a lot of well organized information, that I am using a lot.

Great cookbook,Great recipes and plenty of them with good variety. I really enjoy cooking now.Thanks

A standout among the many Instant Pot cook books. The author did not add the usual stuff about how to use the instant pot and this is a great thing for me because I consider the owner's instructions are the best resource for this purpose. Instead, the author created tasty and healthy recipes which have been laid out in a logical manner which makes it very easy for the reader to follow the cooking directions and the ingredients list.The pictures are very helpful, too.

I love this amazing instant pot cookbook. I find it very helpful for me especially on preparing and making meal plan for the whole week. A very essential recipe book. this also has lot of mouthwatering and healthy recipes that I'm excite try on.Great recipe book I highly recommend to all.

Maybe I am wrong, but the recipes contain a lot of ingredients that are stated as possible trigger foods. Tomatoes, potatoes, maple syrup, heavy cream, cheddar cheese...etc. There are a few recipes I will use, but the majority contain foods I have eliminated from my diet. Disappointing!
