The Knocked Up Plan

Synopsis

There are three little words most guys don't want to hear on the first date. Not those... I mean these: "knock me up." This single gal has had enough of the games, the BS, and the endless chase. I know what I want most, and it's not true love. It's a bun in the oven, and I'm not afraid to hit up my sex-on-a-stick coworker to do the job. Ryder is gorgeous, witty, and wild - and he's also a notorious commitmentphobe. That makes him the perfect candidate to make a deposit in the bank of me. I won't fall for him, he won't fall for me, and there's no way baby will make three. Right? There are four words every guy wants to hear on the first date: "your place or mine?" When my hot-as-sin coworker makes me a no-strings-attached offer that involves her place, my place, any place - as well as any position - I can't refuse. Besides, I've got my reasons to take her up on her deal even with her one big condition. There's no way I'll want more from one woman than any position, anywhere, any night. Except...what if I do?

Customer Reviews

Nicole Powers was sick of all the dating games, she wasn't looking for love nor commitment. She just wanted a baby and she knew just the right person to ask. Her sexy as sin co-worker, Ryder Lockhart."But will he go along with her plan!?"Ryder Lockhart didn't do commitments so when his gorgeous co-worker, Nicole Powers made him an offer he couldn't refuse. He agreed but he wanted something in return as well."Could they play with fire and not get burn!?"They had a no strings attached agreement but as te went by both Ryder and Nicole lost the one thing they never

expected...their HEARTS. They fell madly in love with each other and wanted a future together. Nicole and Ryder had to face their fears and fight for what they truly wanted. THE KNOCKED UP PLAN was thrilling, humorous, emotional and sinfully sexy. Lauren Blakely did it again, she set my kindle on fire with Nicole and Ryder's story. Those two were combustible. Magnificent job! 5+++

1. The humor2. The dates that can lead to love3. Ryder4. Nicole5. The steamy sexy timesIt's almost a guarantee that when I pick up a Lauren Blakely book I'm going to thoroughly enjoy it and The Knocked Up Plan was no different. Actually, she out did herself with this one. I absolutely loved Ryder and Nicole, and watching them go from friends/coworkers to lovers/expectant parents. This is one of those books that when you're reading it, you literally will laugh out loud. I highly recommend this book.

I absolutely loved this book. Ryder is my most favorite guy!!! He is absolutely perfect. This was truly a beautiful romance between him and Nicole. I loved it so much that I think it should be made into a movie. I even see the actor "Andrew Walker" playing the part of Ryder!! There is a new app called "Passionflix" coming in the fall that are turning romantic novels into motion pictures and I am certainly going to recommend this one. Lauren Blakely is one of my favorite authors who never disappoints me with her new books. They are all amazing!! I highly, highly recommend this one!!!

I love everything written by this author and this book is no exception. I know I will be entertained when I choose a Lauren Blakely book. This story was sweet too. I simply loved Ryder and absolutely hated his ex! Yes, this story can bring out strong feelings. Nicole, 30 years old, not much luck dating, decides she wants a baby and thinks to use a sperm bank. When she realizes her perfect donor description sounds like her co-worker Ryder she gets this ballsy idea to ask him to donate his sperm. He counters with going about it the old-fashioned way and so they begin baby-making. It's supposed to be a contract. It's supposed to be no commitment. It's supposed to be no strings. It's supposed to be no feelings. But what happens if things don't go according to plan??? Amazing story, beautifully written. Enjoy

5 Stars to The Knocked Up Plan by Lauren Blakely. Ryder and Nicole.....Once I started the book, I did not want to put it down nor did I want it to end. Hands down this is one of my favorite Lauren Blakely books. As a matter of fact, it tops the list. First I want to say I the that LB's latest books are

set in NYC. That just adds to the appeal even more. Nicole is a single, independent woman who is tired of waiting for 'Mr. Right.' She wants a family so she decides to just skip the wedding and get right down to the baby business. Nicole wants a baby but not a man. She has no reservations of raising a baby on her own and she is determined to do it. She just needs to find the perfect donor. Ryder is sexy and single and a no commitment type of guy. He hasn't always felt that way, however life has a tendency of changing people. He and Nicole are coworkers and friends. Both like and respect each other. Nicole has decided that Ryder would be the perfect candidate to father her baby but asking him is nothing short of awkward and embarrassing. It turns out that Ryder needs a favor from Nicole as well. Not the same favor, of course, but one that will actually work in their favor. The situation also happens to be convenient that there will be no complications since neither want a relationship. Ha! What follows are fun, funny and smokin' sexy times. As is predictable their arrangement becomes complicated. You will love reading this book and finding out how it all turns out. Both Nicole and Ryder were amazing characters. Each time LB writes a new book, I have new favorites. Nicole is hands down my favorite heroine and I wish I were more like her. Don't even get me started on how perfect Ryder was! Not only was he sinfully sexy and gorgeous, but he was a true gentleman. So caring. So considerate. Ryder was completely selfless when it came to Nicole. Gosh, I could go on and on. If you are already a LB fan then there's no need for me to push this book because you already know it'll be great. However, if you are new to this author, then I absolutely recommend you give her a try. I promise you will not be disappointed. This is my honest and unbiased review.
