Customer Reviews

In this book author Grant Lee prepares and motivates you to visit Andorra, combining simple written words with short movies that show you a country with spectacular mountain scenery and beautiful in both summer and winter. You will be amazed and will walk with skiers flying paragliding, with mansions covering the top of high mountains in the form of columns that produce vertigo, with well preserved buildings, where there should be some 1,000 years ago, when Charlemagne freed from the Moors, of ultramodern buildings that produce a disconcerting contrast between past and present. 15 amazing facts combined with video making you say that someday you'll have to walk those same streets, the same roads, joining those places that you will breathe the atmosphere of hundreds and hundreds of years ago, to interact with its inhabitants, so friendly, nice and hospitable look. Anyway, it will be one of the most rewarding trips that you can enjoy both now and here with this book and in the future would you travel if physically Andorra.

The book is a lightweight and the facts are far from "weird" as it includes facts such as Andorra is the 16th smallest country in area and 11th smallest in population.
