The FIFA World Cup & NFL (American Football) Christmas Bundle: Two Fascinating Books Combined Together Containing Facts, Trivia, Images & Memory ... & Children (Christmas Edition) (Volume 2)

Synopsis

Hi and a very warm welcome to "The FIFA World Cup & NFL (American Football) Christmas Bundle". I'm one of those people who loves to hear about extraordinary facts or trivia about anything. They seem to be one of the few things my memory can actually recall. I'm not sure if it's to do with the shock or the "WoW" factor but for some reason my brain seems to store at least some of it for a later date. I've always been a great believer in that whatever the subject, if a good teacher can inspire you and hold your attention, then you'll learn! Now I'm not a teacher but the system I've used in previous publications on seems to work well, particularly with children. This "Christmas Bundle" edition includes a selection of those "WoW" facts combined with some pretty awesome pictures, if I say so myself! At the end of each book, there is a short "True or False" quiz to check memory recall and to help cement some of the information included in the book. Don't worry though, it's a bit of fun but at the same time, it helps to check your understanding. Please note that if you're an expert on these subjects then you may not find anything new here. If however you enjoy hearing sensational and extraordinary trivia and you like looking at some great pictures then I think you'll love it. Matt. This publication features two of my books combined: 1) FIFA World Cup 2) NFL (American Football) (Front Cover Image Courtesy of Marit Welker Photography)

Matthew Harper was born in 1965, Surrey, United Kingdom. He is married with two young children and is a great believer in using images combined with interesting facts to help both inspire and educate. His simple philosophy, drawn from his own experiences, is that a teacher who holds the

attention of the class without the need of strict discipline or blackmail is indeed a rarity. His books are designed to help young children learn through participation, by checking understanding and offering encouragement. Matthew found that for him personally, this was the only way he could retain information at an early age. Children generally love to be rewarded when they get something right and by using a short quiz at the end of each publication, Matthew ensures that every reader finishes a winner!
