Singing Montana Sky (The Montana Sky Series Book 7)

Synopsis

Singing Montana Sky: Book Seven of the Montana Sky Series By Debra Holland, NY Times and USA Today Bestselling Author Beautiful, wealthy, and sophisticated, opera star Sophia Maxwell is living the life of her dreams. As the Songbird of Chicago, she's lauded for her pure, rich voice and has a constant circle of admirers vying for her jaded attention. Then she loses her voice during a performance. Her doctor warns her to rest her larynx, or she'll never sing again. Devastated, Sophia retreats to the frontier town of Sweetwater Springs to stay with her sister. She's determined to recover and once again take the stage by storm. An injury to logger Kael Kelley forces him to return to his parents' home outside of Sweetwater Springs until he can heal enough to return to the logging camp he manages. He's impatient to recover and concerned about his men, who've been left to work under the incompetent overseer who was responsible for his accident. When Sophia and Kael meet, they have an immediate attraction. The handsome logger is as different from Sophia's sophisticated suitors as can be. She decides a summer flirtation is the perfect way to enliven her boring convalescence. Then the unthinkable happens, and the Songbird of Chicago falls in love.

Customer Reviews

Debra Holland brings a very beautiful story to life in *Singing Montana Sky*. Kael Kelley is a lumberjack who sings beautifully. The Songbird of Chicago comes back to Sweetwater Springs to recover from a grave illness as she needs to build her health back up, and to try to regain her ability to speak again. When these two come together and form a friendship, it seems a strange duo and one that cannot lead to a forever life together. We agonize over her ability to ever talk again, much less sing again. Her sister, Lily, and her friend, Blythe, are here for her.....but even more importantly, Kael and his family give her the peace she has been without for so long in her hectic life as an opera singer in Chicago. I don't want to give anything away, but expect to feel many emotions while reading this fine book. You won't want to miss this story of this beloved little town and its people.

An opera singer and a lumberjack? Has Debra Holland jumped too far out? This is part of the intrigue for me with this writer. Although you can pretty well guess where the relationship is headed it seems impossible that the characters can evolve in a believable way. But they do. The changes are subtle and intriguing as the author peels back the layers to reveal their core, the key to their connection. I always enjoy Debra Holland's stories and will be waiting for the next one.

This story made me tear up several times. When Sophia collapsed and when Kael had his logging accident and then at the funeral. But this was one really good story and I always learn something from Debra's stories. I will recommend this story and its author to everybody I know.

Dealing with life changing developments whether illness or accidents the story of characters who learn to deal with whatever chaos happens and find strength in themselves and love of family and what truly matters in life. Very well told.

This is another great book by Debra Holland. I've read all of her books and I think this one my be her best. I couldn't put it down. I can't wait to go back to Sweetwater Springs in her next book.

I enjoyed the book. This book has great characters and a great plot. I wish the book had been longer. I had a hard time putting this book down.

Very enjoyable and hard to put down. Any one who likes the historical, western, romantic novels would enjoy this series.

Each love story leaves me wanting more! In the seventh book, a tender hearted hero against all odds falls in love with a renowned opera star.
