180 Days Of Reading For Fifth Grade (180 Days Of Practice)

Synopsis

Regular practice is the best way to reinforce concepts and allow students to gain confidence and mastery of skills. With 180 Days of Reading for Fifth Grade you get reading and critical thinking exercises for students for every day of the school year. Presented in a consistent format from week to week, the activities in 180 Days of Reading allows students to progress in reading comprehension and word study skills, and makes diagnostics and assessment easy for parents and educators. Through both fiction and nonfiction reading passages, students get purposeful practice in engaging with diverse texts appropriate for their grade level. Ideal for after school study, intervention, or homework, 180 Days of Reading workbook activities are correlated to College and Career Readiness and other state standards. In addition to reading passages, data-driven assessment tips as well as digital versions of the assessment analysis tools are provided. With text passages that advance in complexity throughout the year, student learning is enriched by developing and honing skills of reading comprehension, interpretation of symbols, making logical inference, summarizing and responding to literature, and more. Boost your Fifth Grader's reading skills in a hurry with the easy-to-use activities in 180 Days of Reading!

About Shell Education

Rachelle Cracchiolo started the company with a friend and fellow teacher. Both were eager to share their ideas and passion for education with other classroom leaders. What began as a hobby, selling lesson plans to local stores, became a part-time job after a full day of teaching, and eventually blossomed into Teacher Created Materials. The story continued in 2004 with the launch of Shell Education and the introduction of professional resources and classroom application books designed to support Teacher Created Materials curriculum resources. Today, Teacher Created Materials and Shell Education are two of the most recognized names in educational publishing around the world.

Customer Reviews

Margot Kinberg is currently an Associate Professor in the Department of Teacher Education at National University. She holds a Master's Degree in Education from LaSalle University and a Ph.D. in Education from the University of Delaware. She has presented her research at regional, national, and international conferences and has had several articles and books published. Her main professional interests are second language pedagogy and andragogy, second language acquisition, and bilingualism.

I use this book for reading remediation in special education. It gives the students plenty to practice. I use the longer texts at the end of the week for fluency practice. I have seen massive growth in my students since using this book and the ones for lower levels. This, added to phonics lessons, provides for excellent lessons in remediation.

Good practice materials.

I purchased this book for my reading intervention groups. My lowest readers are able to read and answer majority of the questions correctly without any problems. The questions in the book are not rigorous enough for what we are teaching in the classroom. When I did use it, I enjoyed the 5 day format that it used.

This is exactly what I need to give these fifth graders interesting and relevant practice!

OK

Excellent source of cumulative practice

Excellent, great resource, wonderful, can't do without it. I love the passages and the level of thought put into creating the questions.

Great product
