# Salient Features Of Each Nakshatra: 27 NAKSHATRAS In 27 DAYS

## Synopsis

This is a masterpiece on nakshatras, a pocket book, presenting 10 salient attributes of each nakshatra. These attributes of nakshatras manifest themselves one way or the other when a planet or the lagna is present in it. The exercise of this book is not only to make the reader learn the operating nature and attributes of these nakshatras but also to learn how to apply these practically in an individual's birth chart and connect the dots through all the operating nakshatras to understand the life path of an individual. This will allow the individual to get guidance to follow and reach his or her goal or destiny in this life set by the soul. This is illustrated with the help of few examples.

## Book Information

File Size: 1579 KB

## Customer Reviews

Very useful for me. Straight to the point: the name of nakshatra than the main points of it. Very handy for fast finding of meaning.

Great!
