Great siege campaign, well-structured and with fun and challenging scenarios. Uses mostly Skirmish and Siege rules, so can easily be adapted by 8th edition WFB players. Recommended.

Warhammer Siege focuses specifically on playing games that involve attackers taking on defenders in castles, most particularly. It talks about force ratios and tricks that the defenders can use, and all the various siege engines, and types of fortifications and all the other fun things like

that. Warhammer fans should get this one.
